Detailed Action

Response to Amendment

1. Applicant's amendment and accompanying Remarks filed 5-30-2003 have been entered and carefully considered. The amendment is insufficient to overcome the obviousness rejections of claims 1-9 and 11.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1-9 and 11 are rejected under 35 U.S.C. 103(a) as being unpatentable over US 5,559,289 to Souders et al in view of US 6,008,149 to Copperwheat substantially as set forth in the previous office action.

Response to Arguments

4. Applicant submits that US 6,008,149 to Copperwheat does not qualify as prior art due to the declaration provided by Applicant showing that Applicant's claimed invention was conceived prior to the filing date of US 6,008,149 to Copperwheat which was filed on April 6th, 1999. However, Copperwheat is a continuation in part of 08/839016 filed on April 23, 1997. The disclosure relied on by the examiner in the previous and

Art Unit: 1764

instantaneous rejections is also found in parent application 08/839016. Enclosed with the office action is a copy of the specification of 08/839016 as evidence of priority. As such, the disclosure that the examiner relied on in the last office action claims priority to April 23, 1997.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office Action. Accordingly, THIS ACTION IS MADE FINAL. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
